

ASLS KOREA

ASLS Korea 2026 Spring, Aesthetic Medical Device Exhibition and Scientific Congress

Greetings, and we wish your esteemed organization continued growth and success.

We are pleased to share that the ASLS KOREA 2026 Spring Congress, held this past April at COEX Magok, concluded successfully thanks to the great interest and generous support of our valued partners and physicians in the fields of dermatology, aesthetic medicine, and plastic surgery. We would like to once again express our sincere appreciation to everyone who participated and contributed to the success of the event.

The upcoming ASLS KOREA 2026 Aesthetic Medical Device Exhibition and Autumn Congress will be held on November 7–8, 2026, at COEX, Samsung, Seoul. This Autumn Congress is also being prepared as a platform where more than 5,000 physicians, buyers, and industry professionals in the fields of dermatology, aesthetic medicine, and plastic surgery will gather to exchange insights and discuss the future direction of the aesthetic medical industry.

The official catchphrase of this Autumn Congress is “Mastery@ASLS: From Reality to Excellence.” Through this event, ASLS KOREA aims to establish itself as a leading hub for the aesthetic medical device industry, fostering mutual growth and excellence amid the rapidly evolving landscape of aesthetic medicine. We are committed to creating a high-level scientific congress where partners and medical industry stakeholders can discover new opportunities, share their experiences and visions, and advance together toward a greater future.

We firmly believe that your participation and cooperation will serve as a valuable driving force and opportunity in shaping the future of the aesthetic medical industry together with ASLS KOREA.

Thank you for your continued interest and support.
